Balearic Islands Luxury Canvas Glamping

Tent accommodation

Private glamping of the highest quality
Pampered charismatic luxury
Fantastic & unique experience
100m2 of refined 'back-to-nature'
tranquility

Luxurious canvas lodges at the heart of a mystical desert oasis setting.

A unique destination nestled amidst the naturally sculptured dunes of the Arabian Desert.

Core philosophy:

- Relaxed, informal destination of the highest quality
- Contemporary interpretation of nomadic Emirati heritage
- Marriage of traditional core values with modern expectations
- Subtle beauty & elegance, respectful of the majesty of the desert

Key Points
Light
Space
Quality
Delight

Brief
Renovate the interior to provide a modern spacious sculptural counterpoint to the historic barn structure.

Bell Hall Farm, UK Residential Renovation

Centre Piece

The form of the farm buildings provide a natural central atrium space with large openings to the entrance & courtyard. A sculptural spiral staircase anchors the volume, and takes one up to the curvaceous freeform landing bridging between bedrooms.

The clean white organic forms contrast and emphasise the warmth & character of the traditional brick & timber

Architectural Services
provided in support of my
good friend Simon
Hegarty of CBL

Project
Magnificent private
residence set within a fully
landscaped park

Construction
Capricious Welsh weather
dictated a fully protected
construction

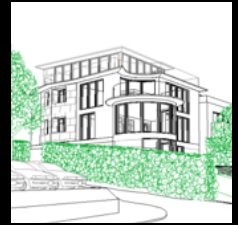

Foxfield, Cardiff, Wales New Build Private Residence

Redevelopment

Redevelopment to provide 4 luxury apartments on a prestigious, but tight site. The properties all have strong selling points individually tailored to their position, height, layout, form, and views.

Scheme Design

Design evolved to create modern architecture counter balanced with an acknowledge of existing neighbours.

Shore Road, Sandbanks, Poole, England

Prime Residential Redevelopment

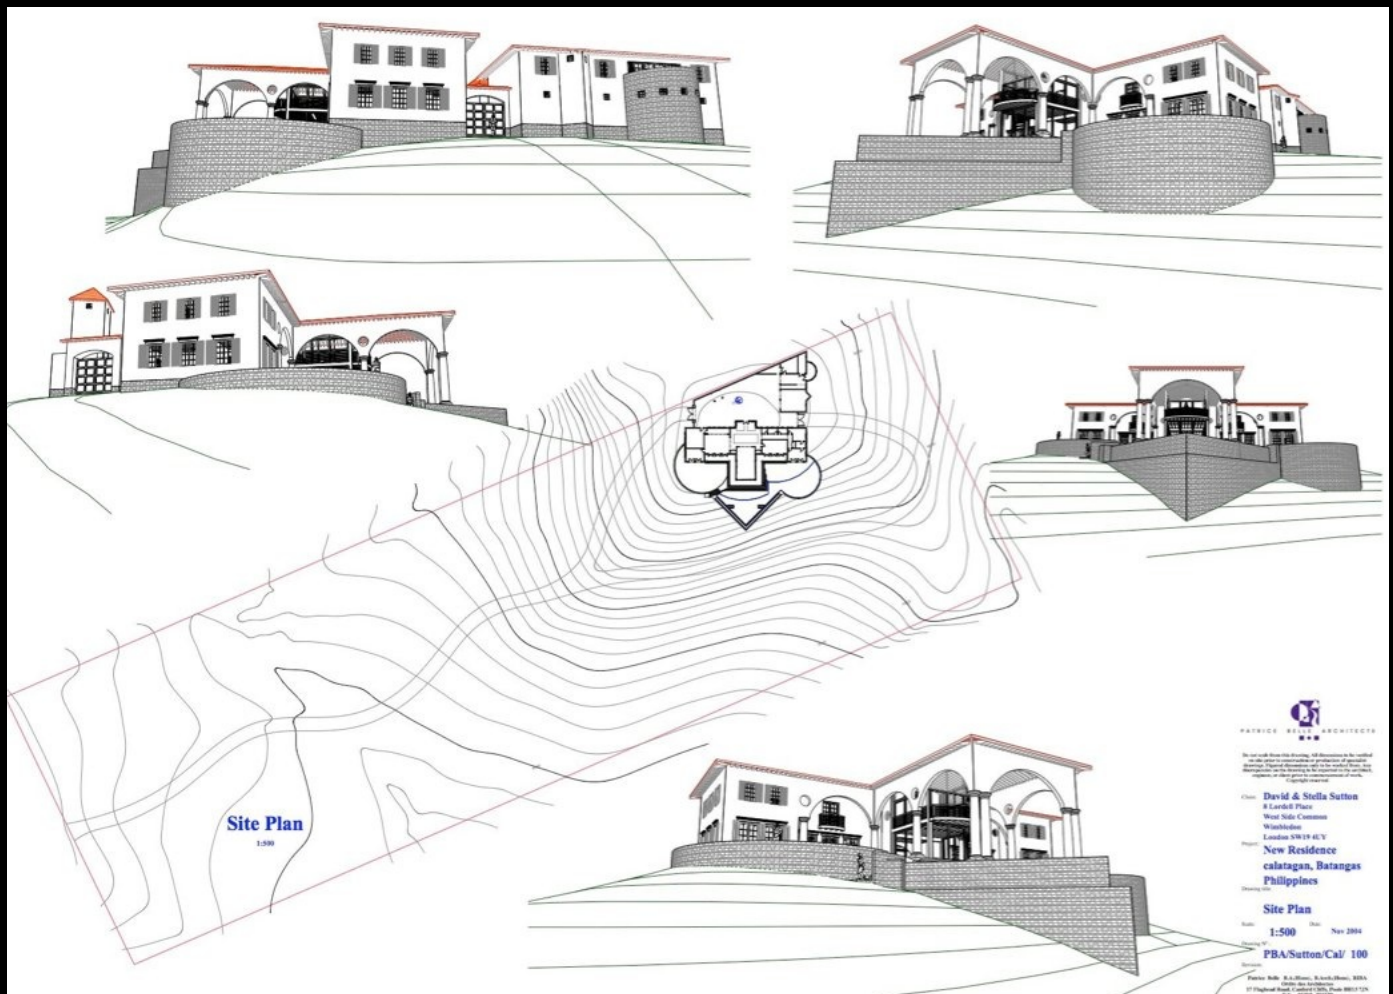

Dramatic
Hill top setting with 270° views to the islands coast lines across the orchards

Home from home
Modern interpretation of a colonial family mansion, providing spacious, airy modern living in a timeless setting

Batangas, Philippines

Private Family Home

Redevelopment
Planning permission gained for a difficult corner site to replace 3 bungalows with a mix of townhouses & apartments.

New England aesthetic with spacious accommodation and plentiful glazing.

Sandbanks, Poole, England Redevelopment: Houses & Flats

Modernisation

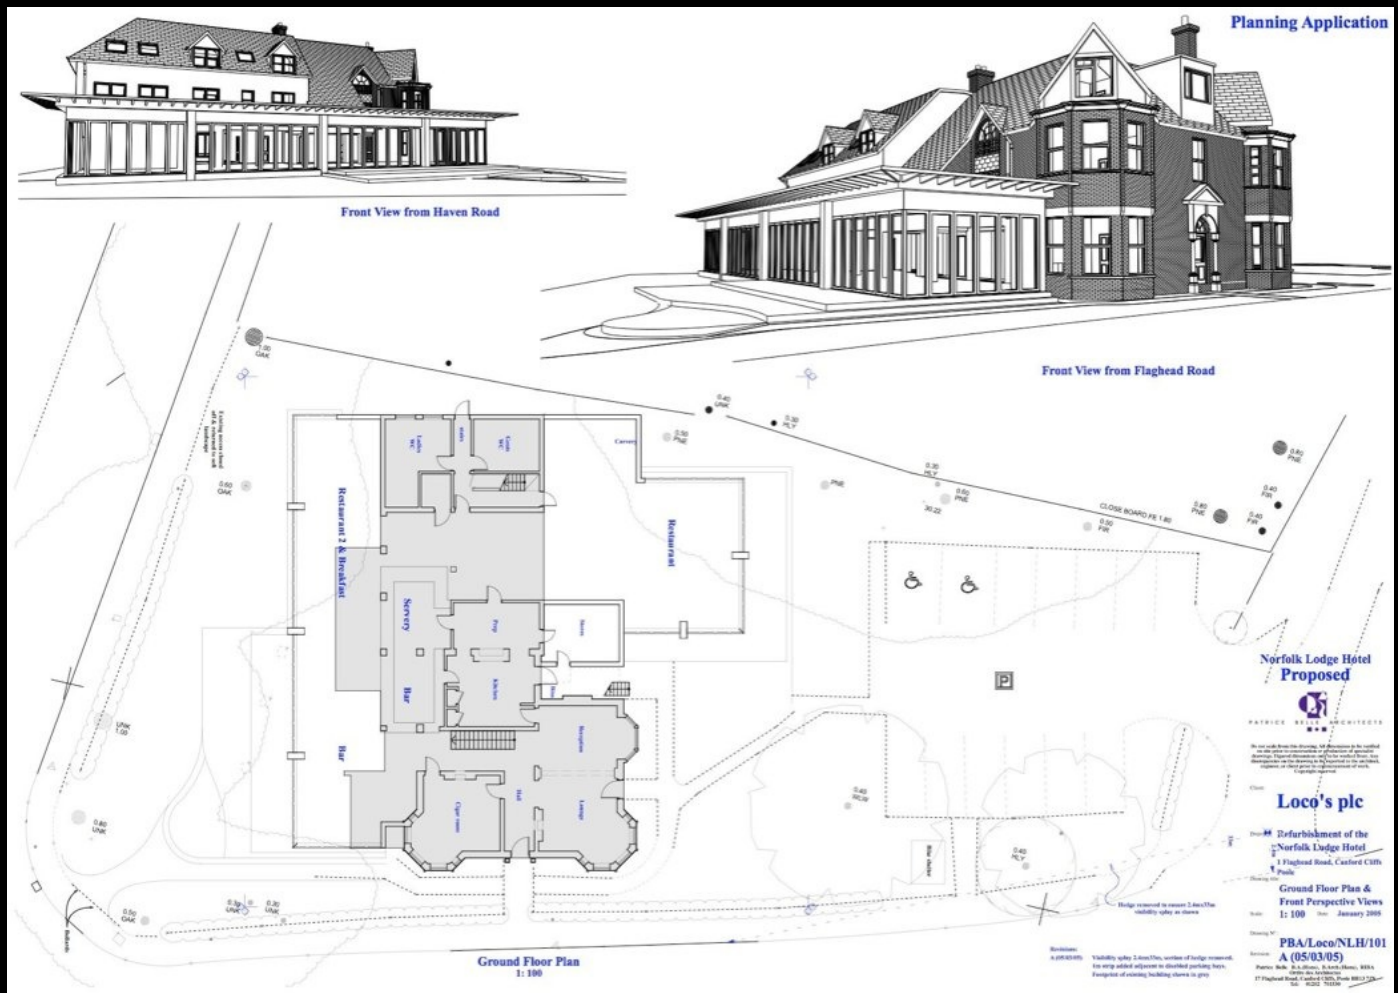

Delicate scheme to reinvent an old uneconomic hotel as a vibrant viable Hotel, Restaurant, & Bar. Deliberate mix of retained traditional and new contemporary build to honour the history & reflect the future of Canford Cliffs.

Locally Listed

The design sought to balance the traditionally built original with the contemporary additions, with each maintaining their identity.

Norfolk Lodge Hotel, Canford Cliffs, Poole, England Hotel Modernisation & Extension

Entrance
Dramatic Hallway
reinforcing the sanctuary
of Home

Kitchen Extension
Luxury fitted kitchen and
dining room in a purpose
designed extension with
vaulted roof & exposed
trusses

Office
Simple, invigorating
space
Purpose designed
furniture

Canford Cliffs, Poole, England

Residential refurbishment & Extension

Project
Clients' desire to enlarge a medium sized New Forest residence in a manner that integrates with the immediate neighbours & Planning Dept demands.

Solution
Modern interpretation of a Georgian manor house. Strong, simple geometry conjuring emphatic volumes

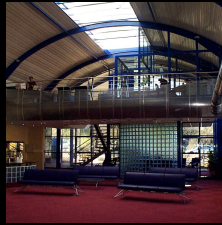

Result
Large, spacious house providing comfortable, relaxed living for family & guests

Brook, New Forest, England

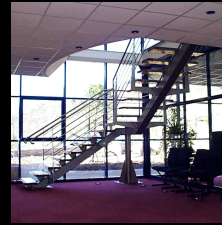

Residential refurbishment & Extension

Client

Synelec Plc, located in rural southern France

Brief

"Value for money" corporate headquarters for world leaders in Video Wall technology.

Solution

Simple elegant form, spacious volumes, ample accommodation, and a cost efficient build solution

SYNELEC, France Corporate Headquarters

Client

Synelec Telecom Multimedia S.A. has a global installed base of more than 1,200 control room and corporate communication systems including display devices, controllers, software and control-room solutions, largely found in command and control environments in government, telecommunication, utilities and transportation venues, including such high profile installations as the NASDAQ in New York, Madrid Metro in Spain, SNCF Railway in France, and NTT DoCoMo in Japan.
